| Maximum Marks | |

## Project Demo Planning:

A well-structured demo plan ensures that the team presents the project effectively, covering all key aspects in a clear and organized manner. This document outlines the plan for demonstrating the project, including the flow of the demo, key features to highlight, and responsibilities of each team member.

| S.No | Demo Section | Description | Duration (mins) | Responsible Member |
|---|---|---|---|---|
| 1 | Introduction & Problem Statement | Overview of the global EV market transformation, fragmented data challenges, and project objectives. | 2 mins | Amit Kumar Mishra |
| 2 | Data Pipeline & Dataset Architecture | Detailed walkthrough of 1,200 EV model records, data cleaning, KPI derivations (Price/km, CO2 savings), and extract generation. | 3 mins | Amit Kumar Mishra |
| 3 | Interactive Tableau Dashboard Demo | Live demonstration of OEM benchmarking matrix, battery chemistry scatter plots (kWh vs. Range), and efficiency heatmaps. | 5 mins | Amit Kumar Mishra |
| 4 | Market Segmentation & Environmental Impact | Demonstration of vehicle category drill-downs (SUV, Sedan, Bus, Truck, 2W) and quantification of CO2 emission abatement. | 3 mins | Amit Kumar Mishra |

| | | | | |
|---|---|---|---|---|
| 5 | Web Portal & GitHub Deployment | Walkthrough of GitHub repository, live GitHub Pages web analytics dashboard, data dictionary, and test automation suites. | 2 mins | Amit Kumar Mishra |
| 6 | Conclusion, Scalability & Q&A | Summarizing business insights, presenting the 4-phase architectural scalability roadmap, and answering evaluator questions. | 3 mins | Amit Kumar Mishra |

## Demo Flow Summary:

| Step | Activity | Notes |
|---|---|---|
| 1 | Introduction & Problem Statement | Emphasize stakeholder personas (Fleet Manager, Clean-Tech Investor, Strategy Director) and market fragmentation. |
| 2 | Solution Overview | Showcase full-stack architecture from clean CSV ingestion to Tableau Public and GitHub Pages hosting. |
| 3 | Live Feature Demonstration | Execute interactive filter changes, hover tooltips, metric highlights, and scenario simulations live. |
| 4 | Q&A Session | Provide technical justifications for battery chemistry trends, data validation steps, and future extensions. |
